

Transfer to Lake Forest College

Lake Forest College supports the academic growth and personal success of all our students. Our transfer-inclusive campus community provides the personal attention you need to find success, while offering opportunities and resources often associated with much larger institutions.

Lake Forest College is located 30 miles north of Chicago in the historic North Shore community of Lake Forest, Illinois. The beautiful 107-acre campus is within walking distance to the train to Chicago and the shore of Lake Michigan.

You will have access to top professors, alumni, internships, and research. Classes are small—the average class size is 19—and professors do all the teaching and advising. Internship opportunities are widely available and 98% of recent graduates had jobs, grad school, or other opportunities lined up within six to nine months of graduation.
