

Lake Forest College Test Optional Form

Lake Forest College is now test optional, permitting you to choose whether or not to have your SAT or ACT scores considered as part of your application. We will consider your test scores, unless you tell us otherwise, by checking the second box below.

Note: We still require test scores for those students interested in being considered for our highest academic scholarships (Dean's, Presidential and Trustee), as well as home schooled and international students.

- Please *consider* my standardized test scores (ACT or SAT) during the admissions process.
- Please *do not consider* my standardized test scores (ACT or SAT) during the admissions process. I understand that I will be required to conduct an interview (on-campus or over the phone) with an admissions counselor.
