

## How to gain access to Mathematica Online

1. If you haven't done so, go to <http://user.wolfram.com> and click the **Create one** link under the login box to create a WolframID.

**Create a Wolfram ID**

Email (this will be your Wolfram ID)

First name

Last name

Password (at least 8 characters)

Confirm password

I agree to the [Terms of Service](#) and the retention of my personal data as described in the [Privacy Policy](#).

Already have a Wolfram ID? [Sign in](#).

**Note:** If you already have a WolframID but it isn't linked to your Lake Forest College email account, login to <https://account.wolfram.com/wolframid>, and update your email address.

2. After you create your WolframID, you will be emailed a message for validation.
3. Once your email address is validated go to this link to request access to Mathematica|Online: <https://user.wolfram.com/portal/requestAK/088d05e983fedde6604df09e1bc34e23c283c11e>
4. You will receive an email to let you know your access has been granted.
5. You will then be able to use Mathematica|Online from:
  - A computer, visit <http://mathematica.wolframcloud.com> and log in.
  - A mobile device, download the free Wolfram Cloud app from your app store and log in.

**Note:** The most important part is that your WolframID is linked to your College email account. The link above in step #3 is specific to Lake Forest College: the only way to get access will be with a Lake Forest College email address.
