

## LAKE FOREST COLLEGE

# At a Glance

### WHAT'S NEW

- Men's and women's lacrosse added as varsity sports for fall 2021. Additional investment in new turf field and locker rooms.
- Broke ground on a renovation and expansion of Brown Hall, which is the largest academic building and future home of our Career Advancement Center.

### DISTINCTIVE ACADEMIC PROGRAMS

- Our new Health Professions Program is a unique partnership with local Rosalind Franklin University of Medicine and Science, allowing students direct pathways to several popular health careers.
- Entrepreneurship and innovation is the most popular minor at the College.
- Majors in both finance and business—not offered at many liberal arts colleges.
- Self-designed major: students work with a faculty advisor to design a major suited to their academic interests.
- Richter Scholar Program: one-on-one research opportunity with a professor during the summer after the first year.
- Data science was introduced in fall 2019 as an interdisciplinary major. The major responds to an ever intensifying societal demand for expertise in the management and analysis of data.

### INTERNSHIPS AND CAREER PREPARATION

- 96% of our graduates get jobs or continue their education within six to nine months of graduation.
- Career Pathways: a unique model for career preparation that matches students' interests with possible career paths. Career Advancement Center staff begin working with students during their first year.
- Students may complete up to three for-credit internships.
- Internships are abundant in the Chicago area. Our students also secure internships in major cities around the country and the world.
- Lake Forest In The Loop and ACTIVATE programs: students live in Chicago completing internships and taking courses.
