

Before beginning the housing application, please review the information on our [website](#) about what room types are available in which residence halls and which residence halls students are eligible to live in based on class year, as well as the [differential pricing](#) information on the College's website. This will be important as you proceed through the application. **Please be sure to read these instructions in their entirety – there are several pages of screen shots to guide you.**

Log into the [housing portal](#) using your College computing credentials. You will be taken to the main screen.

Click on Application on the top navigation and select the appropriate application. Students who are new to college –have never been enrolled at Lake Forest College or any other college or university -- should choose the First Year Student Application. Students who are current students, readmits, or transfers should choose the Upperclass Student Housing Application.

The screenshot shows the Lake Forest College student portal. At the top left is the college logo with the year 1857. The top navigation bar includes links for Home, Application, Personal Information, and More Tasks... A dropdown menu is open under 'Application', showing options for 'New Student Housing App (2017 Spring)' and 'Returning & Transfer Student Housing Application 2016-2017 (2017 Spring)'. Below the navigation is a user profile for Mary Kendera-Brice, with ID 213436 and email brice@lakeforest.edu. The main content area has three sections: 'Messages' (no important messages), 'Room Selection' (no room selection processes to list), and 'Room Assignments'. A 'Sign Out' button is located on the right side of the page.

Review the Housing Contract information on the next screen. This document is legally binding. It is important that students understand their rights and obligations. After reviewing the document, sign in the box by using your mouse or, if using a tablet, your finger.

For example, if you select Choice #1 and Request Type: Hall Preferences, you will also be able to add Choice #1 and Request Type: Room Type Preferences. You can enter as few options as you wish; however, the more options you provide increases our opportunity to place you in a community that matches your expectations.

Please note that you will only see room types and residence halls in which you are eligible to live. For more information about hall eligibility and room availability, please [visit our website](#). It is important that you use that information. Requesting a room type that doesn't exist in a particular building reduces our opportunities to meet or exceed your expectations.
