

THE SPIKE GUMMERE ENDOWED PRIZE

This prize, in honor of Spike, has been funded by gifts from Spike's admission and college counselor colleagues from all over the country. The donors stipulated that it be endowed and that Spike define the criteria for the prize and be involved in the selection process.

This prize will be awarded to one or more students who wish to study abroad or to participate in an internship for credit. Nominations will be provided by the Associate Vice President for Financial Aid, the Director of Off-Campus Study Programs, and the Associate Director of the Career Advancement Center responsible for awarding internship funding. Financial need, as determined by the Lake Forest College Office of Financial Aid, will be a primary consideration. Careful consideration will be given when receipt of the prize would be a determining factor in the recipient's ability to participate.

Final selection will be made by the above staff in consultation with Spike.

APPLICATION for The Spike Gummere Endowed Prize

To ensure we have all the information needed for evaluation, please complete this application in full. Please return the completed application to, and direct any questions to:

Jerry Cebrzynski, Lake Forest College, Associate Vice President for Financial Aid, Patterson Lodge 228,
cebrzynski@lakeforest.edu
